

2025 Marijuana Legality Chart by State – Compiled by UKPACK

This table summarises the cannabis legality status (recreational, medical, and decriminalisation) across all 50 U.S. states and D.C., based on official data and legislative updates available as of 2025.

This data is provided as part of UKPACK's ongoing research initiative to support product compliance, packaging innovation, and market analysis for global partners.
